

Timing

Game Control (GC) will run until 5:30 PM. Dig Sites will close on a rolling basis, with Dig Site GAMMA running until 3 PM.

Route

Check out from the starting location at either START or Dig Site ALPHA, and then proceed down the Cambridge-Watertown Greenway, with stops at Dig Site BETA and Dig Site GAMMA. After you've solved the mystery at site GAMMA, you will receive further instructions on how to proceed.

We recommend moving on from dig sites ALPHA and BETA if you have been there more than an hour or have solved 2 or more major wonders at that site.

One major wonder requires information at Filippello Park and should be finished before leaving. Many minor wonders require discovering information along the path, so continuing down the route can be valuable.

Notes

- Please make sure to **check in and out at each Dig Site**. Checking out will provide you with information you may need to solve the mystery. If you need to leave before finishing and are not able to check out, please text James at 321-217-7224.
- In case of emergency, dial 911. For smaller issues—getting lost, puzzle questions, etc.—**visit GC at any Dig Site or call or text 321-217-7224.**
- Remember to stay hydrated! If you need food, water, or restrooms, we've marked out a few convenient stops along the route.
